

new jersey women and aids network

January 6, 2009

Pat Sherman, Executive Director  
New Jersey Ride Against AIDS  
PO Box 127  
Bradley Beach, NJ 07720

Dear Pat Sherman:

The board of trustees and the staff of NJWAN are extending a heartfelt THANK YOU to you and all of the NJRAA volunteers. This year we received a much needed check in the amount of \$6600. This funding will allow us to continue to provide services for women who are living with HIV/AIDS. The funding will specifically be used to support the health and wellness component entitled, Sisters Village. It is through this component that we are truly able to address the life challenges that our women experience as well as create an environment where women can learn skills that are proven to increase quality of life.

For tax purposes, the New Jersey Women and AIDS Network is a non profit, 501(c)3. No goods or services were exchanged for your contribution; therefore your donation is 100% tax deductible.

It is true that a small group of people can make change. I appreciate the hard work and efforts of you and everyone associated with the ride. I look forward to the 2009 ride. We are truly grateful for your dedication and commitment to support HIV/AIDS services in New Jersey.

NJWAN is truly grateful. Thank you for the support.

Regards,
